Dear Anima Mundi Herbals Team,

My name is Máté Blank, and I am currently working on a programming project focused on creating a herbal webshop as part of my end-of-school curriculum.

I am reaching out to seek your permission to use select images from your collection for this project. I plan to modify these images through cropping and other forms of photo manipulation, ensuring that they do not directly represent your brand.

Please note that this website will not be published publicly; it will only be presented to a small group for grading purposes during a live demonstration.

I appreciate your consideration of my request and would be grateful for your approval. If you have any specific guidelines or conditions regarding the use of your images, please let me know.

Thank you for your time and support.

Best regards,

Máté Blank

Hey Máté,

Thanks so much for the mindfulness and respect to inquire about this. Which images are you desiring to use for your project?

with gratitude,
Jocelyn

Hello, Jocelyn,

Thank you for your feedback. I would like to use images of your products which feature a jar (e.g. [Link 1](#)), a closable bag with its contents spilled out (e.g. [Link 2](#)), and a standing closable bag (e.g. [Link 3](#)). I will manipulate the photos to fit our project's website, and I will make sure to give your website credit for these materials in my project documentation. Please also keep in mind that this project is non-public, and will not be published with your photos.
