Dear Mountain Rose Herbs Team,

My name is Máté Blank, and I am a Hungarian student. I am currently working on a programming project focused on creating a herbal webshop as part of my end-of-school exam.

I am reaching out to seek your permission to use some images (images of herbs in small piles taken from above) from your collection for this project. I plan to modify these images through cropping and other forms of photo manipulation, ensuring that they do not directly represent your brand.

Please also consider that this website will not be published publicly; it will only be presented to a small group for grading purposes during a live demonstration.

I appreciate your consideration of my request and would be grateful for your approval. If you have any specific guidelines or conditions regarding the use of your images, please let me know.

Thank you for your time and support.

Best regards,

Máté Blank

Hello, Máté,

Thank you for reaching out to us! We would be happy for you to use the product photos from our website with photo credit attributed to Mountain Rose Herbs. You are also welcome to utilize information found on the product page, however, we ask that you do not directly copy our product descriptions.

Please note that this permission applies only to our website and does not extend to photos, articles, or information found on our Blog or in our Journal. This is due to the fact that each of these mediums feature articles and photos from guest contributors, and we are not able to extend consent for third-party usage of that material.

Feel free to reach out if you have any additional questions or concerns. We appreciate your support of organic and sustainable agriculture. Best of luck on your assignment, and I hope you have a wonderful day!

Kindly,
